

## SEMI-AUTOMATIC MACHINE TRAINING

### ACCESS MODE(S) :

- To have a semi-automatic filling, screwing or labelling machine

### OBJECTIVE(S) :

- To know how to use a semi-automatic machine independently

### PREREQUISITE :

- No prerequisites required

### DURATION :

- 4 hours

### TEACHING AIDS :

- Functional machine
- Instructions for use
- Practical cases

### EVALUATION METHOD(S) :

- MCQs at the beginning and end of the course
- Placement in a situation

### PEDAGOGICAL COST :

- 600€ EXCL. TAX\*.

### ACCESS TIME :

- 1 month after receiving the material or the request if the material is already on site

### CONTACT

**Marion Moreno, project manager**  
[marion.moreno@cdafrance.com](mailto:marion.moreno@cdafrance.com)

### ACCESSIBILITY :

People encountering difficulties are invited to contact the disability referent, **Marie GABARRET**  
[marie.gabarret@cdafrance.com](mailto:marie.gabarret@cdafrance.com)

## **SEMI-AUTOMATIC MACHINE TRAINING PROGRAMME**

### **Common content filling, screwing and labelling**

- Explanation of the operation of the machine and its sub-assemblies.
- Explanation of the mechanical settings : position of the cells, height of the sub-assemblies.

### **Specific elements filling**

- Explanation of the mechanical settings : nozzles.
- Explanation of the automatic settings : touch screen, timers, dosing speed, dose setting, dose correction.
- Sensitization of pump sanitation / product circuit.

### **Specific screwing elements**

- Explanation of mechanical adjustments: screwing height, product centring, tacking screw, screwing head.
- Adjustment of torque / speed / acceleration settings.

### **Specific labelling elements**

- Explanation of the mechanical settings: tape passage, plating, registering, machined rollers.
- Explanation of the automation settings: cells, touch screen, timers.

### **Practical training**

- Change of formats, change of tools.
- Identification of wearing parts and periodic maintenance.

\*Our training courses are tailor-made to meet your needs. Please contact us so that we can determine your personalised programme together.
